

<b>SUBJECT:</b>  Fleet Vehicle Usage	<b>CATEGORY:</b>  Materials Management	<b>NO.</b>  1001
--	--	------------------------

### PREAMBLE

By acquiring vehicles in large quantities and operating a central fleet, the Ministry of Central Services (MCS) achieves savings on new, quality, reliable vans and cars. SIAS, as a publicly-funded organization has access to the Ministry of Central Services (MCS) Central Vehicle Agency (CVA) fleet. SIAS also maintains its own fleet of vehicles, the use of which shall be subject to this policy. Both categories of vehicles shall be referred to collectively and severally, where the context permits, as “fleet vehicles”.

### POLICY:

Fleet vehicle usage must relate to SIAS business, primarily in the delivery of education and training to students. Included within the definition of SIAS business are those activities undertaken in partnership and/or integrated with SIAS programming and student associations and/or recreational program activities.

#### Minimum standards for driving a SIAS fleet vehicle

Only SIAS employees, and SIAS board members on SIAS-related business, may drive fleet vehicles and may do so only if the following minimum standards are met:

- Must have a valid driver’s licence;
- Must be 18 years of age;
- Must have documented proof of having taken either the Saskatchewan Safety Council’s Defensive Driving Course or the Canada Safety Council’s course (available online) prior to transporting any students for SIAS program related activities; and,
- Must meet any other requirement to operate the particular motor vehicle pursuant to Saskatchewan’s *Vehicle Classification and Registration Regulations* and *The Driver Licensing and Suspension Regulations, 2006*.

Additional restrictions and limited exceptions apply as are stated within the attached guidelines.

## GUIDELINES

### Fleet Vehicle Usage Request Form

Employees and board members must complete a Fleet Vehicle Request form (attached) prior to any fleet vehicle being released to the employee or board member for SIAST business use.

### Fuel

All fleet vehicles have an assigned vehicle credit card which allows SIAST employees and board members to fuel at no cost to the SIAST employee or board member. Receipts must be turned in with the user's copy of the log sheet when the vehicle is returned.

### Usage Costs

Fleet vehicle use shall be charged to the employee's department or, in the case of a board member, to the board of directors' office at the rate that reflects the recovery of all operating and maintenance costs of the vehicles including the costs for major repairs. The insurance deductible for accidents or damages caused by abuses is charged to the department to which the vehicle was assigned.

### Citations

Drivers are responsible for promptly paying all vehicle citations, in conjunction with SIAST's Travel Allowances policy O-1.5. Failure to pay traffic violation tickets immediately results in late fees and may result in the Ministry of Central Services receiving the citation. Upon receipt of the citation, SIAST will either request the employee or board member to pay the charge or deduct the amount from the employee's payroll account or board member's honorarium, which may result in additional charges. The responsible driver may be subject to discipline as determined by SIAST.

### Registration and Insurance

Drivers are to ensure that the vehicle registration and insurance documents are in the fleet vehicle before departing.

### Accidents

Drivers must immediately report all accidents involving fleet vehicles to the campus materials management coordinators within 24 hours from returning from the trip.

It is also strongly recommended that, if possible, a police accident report be filed.

### General

Drivers may not transport spouse, children, animals or hitchhikers in fleet vehicles.

Approved by: President & CEO	Prepared by: Financial Services	Date Issued: February 4, 2013	Supersedes/New Revised	Page 3 of 6 #1001
---------------------------------	------------------------------------	----------------------------------	---------------------------	-------------------------

All occupants must wear properly fastened seat belts whenever traveling in fleet vehicles.

Smoking is prohibited in all fleet vehicles.

#### Additional Restrictions

- The “minimum standards” for driving fleet vehicles and other applicable procedures of this policy apply to rental vehicles;
- Employees and board members may not transport students in personal vehicles; and
- Employees receiving a vehicle allowance may not utilize SIAST fleet vehicles unless transporting students.

#### Limited Exceptions

Certain SIAST programs including, but not limited to, the Natural Resources Technology programs, require students to demonstrate competency in the use of vehicle. In such instances, students may be allowed the use of the fleet vehicles.

Students shall complete a “Student Fleet Vehicle Usage Request” form, as attached, to the satisfaction of the materials management coordinator (Procurement Services) prior to their use of the vehicle.

This Fleet Vehicle Usage policy shall apply to student usage of the fleet vehicles, with the following amendments:

- (a) The minimum age for operation of a fleet vehicle is 18 years of age.
- (b) Students shall not be required to fuel the vehicles, nor shall they be responsible for usage costs.
- (c) Instructors shall keep a log book of all student use of the vehicles, noting mileage in and mileage out and any incidents that occur during student use, and the same shall be noted on the “Student Fleet Vehicle Usage Request form”.
- (d) Instructors shall report all incidents of student misuse of the vehicles, citations, damages and accidents to the materials management coordinators (Procurement Services).
- (e) Students are prohibited from transporting other students in fleet vehicles.
