Notes:

1. The term 'Base' represents SIAST's certificate/diploma/degree programs that are administered by program heads and are delivered on a regular basis, usually at a SIAST campus. The term 'certificate' includes SIAST's applied and advanced certificate programs. Degree programs include the Bachelor of Science in Nursing program.
2. The term 'Con Ed' represents the continuing education delivery of SIAST's certificate/diploma/degree programs. Included in this number are 1,363 headcount program enrolments at regional colleges and Dumont Technical Institute that broker SIAST programs. All brokered program and course registration activity comprises 1,329 FLE, delivered to 1,695 distinct students.
3. Given a student can be enrolled in more than one level of training in an academic year, the number of distinct students enrolled in programs overall will not equal the sum of the totals for each training level.
4. Effective in 2010-11, SIAST implemented a new Full Load Equivalent (FLE) model. The new FLE formula will calculate a student's 'full-load' activity based on the total number of credits/hours they attend, relative to the number of credits/hours that would normally be assigned a full-time learner over the academic year. FLE will be calculated based on a standard divisor of 45 credit units for post-secondary training and 700 hours for secondary training (Basic Education). A student may be more than one FLE if their total credit unit or hour activity is greater than 45 credit units (post-secondary) or 700 hours (secondary).
5. Detailed student records for the Saskatchewan Collaborative Bachelor of Science in Nursing (BSCN) program are managed by the University of Regina. 2012-13 FLE for the U of R funding model will not be calculated until Winter 2013-14. There were 698 headcount enrolments in years one and two of the BSCN program in 2012-13.
6. The 698 BSCN students have been included in the full-time attendance category for program headcount enrolment; however, the actual attendance status of these students is not known, given the University of Regina manages the enrolment records.
