

Husky Energy

Power Engineering Scholarships

The purpose of the Husky Energy Power Engineering Scholarships is to support the educational efforts of outstanding students seeking a career in Power Engineering.

Award Value: \$15,000

Eligibility Criteria:

- Be enrolled in the 2 year Power Engineering Technology diploma program at Sask Polytech Saskatoon campus for the 2017- 2019 academic years.
- Have an acceptable attendance record.
- Provide a letter of reference which can be from a previous employer or a high school teacher. Letter of reference should address the character, commitment and ability of the applicant to work in a team environment.
- Provide an updated resume and cover letter outlining why you chose to study power engineering, why you should be selected for the sponsorship, and how you would be an asset to the Husky organization.
- Be recommended by Husky Energy for consideration as a recipient of the scholarship after a formal interview with representatives of Husky Energy.**

Selection Criteria:

- Academic achievement based on marks from Year One of the Power Engineering Technology program.
- A selection committee will be comprised of members from Husky Energy and will include a formal interview process. At that time you may be required to provide an official Sask Polytech transcript to Husky Energy.
- One scholarship per year may be designated to a student of self-declared Aboriginal ancestry. Preference will be given to qualified applicants of self-declared Aboriginal ancestry in the following priority: applicants with permanent address in Saskatchewan, second with permanent address outside of Saskatchewan.

Application Deadline: January 4, 2018

Conditions of Acceptance

Recipients will be required to give permission to Sask Polytech to provide their contact information to the donor of the award. This personal information is being collected under the authority of The Saskatchewan Polytechnic Act, 2014 and is protected by The Local Authority Freedom of Information and Protection of Privacy Act. It will be used for the purposes of award selection and administration and will be shared with selection committee members. This personal information may also be used for administrative and statistical purposes by Sask Polytech and/or provincial or federal government ministries and agencies. If selected, recipients' names, program of study may be disclosed to the donor of the award, and published in Sask Polytech's awards programs, and/or used in other media outlets or Sask Polytech publications. If you have any questions or concerns about the collection or disclosure of this personal information, contact the Sask Polytech Admin Office (306) 659-3733.

- I have read and agree to the Conditions of Acceptance and declare that the information I have given is true and that I have answered all questions applicable to me. If at any time I no longer meet award criteria, due to withdrawal or other reasons, payment will be withheld. I understand that the values and availability of awards, policies and procedures regarding that administration of awards may change at the Donor's or Sask Polytech's discretion.
- If positions are available, complete a work practicum at a Husky Energy facility.
- Accept summer student employment at a Husky facility upon completion of year 1 of the Power Engineering Technology program.
- Award is contingent upon successful completion of Year 1 Power Engineering Technology program AND successful completion of TSASK 4th Class Power Engineering certification prior to starting Year 2 of the Power Engineering Technology program.
- Failure to complete or withdraw from the power engineering program will be result in repayment of a portion of the sponsorship funds.
- If an offer of permanent employment is made, the recipient must be willing to accept additional terms and conditions as specified by Husky Energy. These terms and conditions could include but are not limited to: possible relocation after graduation, meeting safety related conditions such as a valid driver's license, complete pre-employment medical etc.
- Be willing to accept scholarship repayment conditions as specified by Husky Energy if the recipient accepts permanent employment, but leaves or is terminated for cause by Husky Energy before two years of service is completed. The repayment amount will be prorated and based on the recipient's employment term with Husky Energy.
- All terms and conditions of acceptance will be detailed in an agreement between the recipient and Husky Energy and signed by the recipient and a representative of Husky Energy.
- I declare that the information I have given is true and that I have answered all questions applicable to me.
