PURPOSE

SASKPOLYTECH makes information technology infrastructure available to its students and employees. To ensure the integrity and performance of the infrastructure, a common set of security standards, procedures and guidelines are required to protect SASKPOLYTECH's data, applications and technology.

POLICY

Information Technology Services, in consultation with major stakeholders, defines and maintains a common set of procedures and guidelines to ensure the security of SASKPOLYTECH's data, applications and technology infrastructure. Any person accessing the SASKPOLYTECH information technology infrastructure must adhere to all security procedures and guidelines.
