PROCEDURES

1.0 Fees

Saskatchewan Polytechnic sets fees in the following categories that directly relate to a student's enrolment:

- 1.1 Application Fees are charged for processing applications and documents associated with the application and admission process. Domestic applications with international documents are subject to an additional assessment fee.
- 1.2 Administrative Fees are charged for administrative costs for providing services for the duration of a program. Included in the administrative fees are costs associated with student ID cards, transcripts, transfer credit, PLAR application and graduation.
- 1.3 Tuition Fees are charged for providing the education, training and credentialing of a program. Differentiated tuition may be assessed:
 - based on the relatively high cost of delivery, student and/or market demand, and earning potential
 - to sustain a program that is not core-funded

Differentiated tuition will be assessed for international (student visa) students.

- 1.4 Program Fees are categorized as fees that cover consumable and non-consumable costs incurred by students within a program that cannot reasonably be considered part of the general cost of education. Such fees cover a portion of the costs associated with print materials, laboratory classes, required camps or conferences, and technology fees.
 - Technology Fees (Information Technology Services & Learning Technologies) are charged for providing learning supports, mobile and other types of connectivity on- and off-campus to access program and course learning and assessment materials.
- 1.5 Service Fees apply to miscellaneous fee items not covered by the administrative fee and are charged to the user of the service rather than the general student body.

2.0 Students' Association Fees

- 2.1 Students who attend Saskatchewan Polytechnic will pay a students' association fee. See Appendix F.
- 2.2 Students' Association Fees are set annually by the students' association and help to cover the cost of advocacy, programming and services provided by the students' association.

3.0 Payment of Tuition and Other Assessed Fees

- 3.1 All tuition and other assessed fees for the full academic year are generally due on program start date. Both domestic and international students enrolled in certificate, diploma, advanced diploma and degree programs may pay their tuition in two instalments (i.e. two-payment plan) with the following exceptions:
- The instalment plan option is not available to students who are paying through a student loan or other funding agency whereby tuition and fees are paid directly to Saskatchewan Polytechnic.
 - The instalment plan option is not available to students who are enrolled in certificate of achievement, applied certificate, advanced certificate and post-graduate certificate programs.
 - The instalment plan option is not available to students in a co-operative education program if the second instalment would be due during a work-term.

If the instalment plan option (i.e. two-payment plan) is exercised, a deferred payment of tuition charge will be applied.

- 3.2 Reference the following table for tuition and fees due dates for programs and students that meet eligibility criteria outlined in 3.1 above.

Students:	First Payment:	Due Date:	Second Payment:	Due Date:
Domestic Students	First part of tuition and full year of program fees	Program start date (all intakes)	Second part of tuition only	January 15 (or other date specified by Registration Services)
International Students – first year	\$7,500 toward full-year tuition and program fees <i>*see note</i>	July 1 for fall intakes (August to December) November 1 for winter intakes (January to April) March 1 for spring intakes (May to July)	Remainder of tuition and fees owing	January 15 (or other date specified by Registration Services)
International Students – returning	\$7,500 toward full-year tuition and program fees <i>*see note</i>	Program start date (all intakes)	Remainder of tuition and fees owing	January 15 (or other date specified by Registration Services)

***Note: International students – check with Finance upon arrival on campus to ensure that first semester fees have been paid in full. Your deposits of \$1,000 and \$7,500 may not cover full amount due for first semester.**

- 3.3 A late payment charge will be assessed on past-due accounts. The interest rate charged will be reviewed annually by Financial Services.
- 3.4 Failure to pay tuition and other assessed fees may result in students being discontinued from class and will result in the placement of a financial hold on the student account, meaning:
- The student may not apply or register at any Saskatchewan Polytechnic campus until the past-due account has been paid; and
 - Transcripts, grades, certificates, diplomas or degrees and any other completion documentation will be withheld until full payment is made.
- 3.5 In exceptional circumstances the dean has authority to waive tuition and/or other fees. The registrar or manager of Registration Services has authority to waive administrative and application fees.
- 3.6 Effective July 1, 2017, online credit card payments for tuition or fees will be subject to a non-refundable convenience fee. Credit card payments will not be processed in person or by telephone. Note: tuition deposits, as well as continuing education/extension programs and services excepted.

4.0 Refunds

Cancellation of a program or course by Saskatchewan Polytechnic will result in a full refund of paid fees. Students who discontinue and notify Registration Services accordingly or are discontinued by Saskatchewan Polytechnic are entitled to a refund of tuition and program fees under the following regulations.

¹Camp and conference fees will not be refunded if expenses have already been incurred.

4.2.1 Audit fees are non-refundable after program/course start date.

4.3 Refunds and transfers for Continuing Education/Extension Courses

4.3.1 Students who discontinue prior to the withdrawal deadline for their continuing education/extension credit or non-credit courses are entitled to a full refund, or transfer² of their tuition fee.

4.3.2 The withdrawal deadline for credit courses 8 weeks or less and for all non-credit courses is 7 calendar days prior to course start date. No refund or transfer on or after withdrawal deadline.

4.3.3 The withdrawal deadline for credit courses longer than 8 weeks is 14 calendar days prior to course start date. If notification of withdrawal is received between 14 calendar days prior and either 14 calendar days after course start date or the course end date, whichever is earlier, students are entitled to a full refund of their tuition fee less the \$100 administrative fee listed in the Fee Schedule. Alternatively, students can opt to transfer the full amount to another course. No refund or transfer for withdrawals after 14 calendar days from course start date.

4.3.4 Audit fees are non-refundable after program/course start date.

4.4 Refunds for Co-operative Education Work Terms

4.4.1 A student who withdraws from his/her academic program before the start of the semester preceding a work term will receive a full refund of the co-operative education fee.

4.4.2 A student who withdraws from his/her academic program (or from the co-operative education work term process) during the semester preceding a work term will receive a refund of the co-operative education fee, less a \$125.00 withdrawal fee.

4.4.3 A student, whether enrolled in a mandatory or optional co-operative education program, who is unsuccessful in obtaining a work term placement eligible for credit, will receive a refund of the co-operative education fee, less a \$125.00 withdrawal fee.

4.4.4 A student who is successful in obtaining a work term placement eligible for credit and who is subsequently required to discontinue for academic reasons will be withdrawn from the work term and will receive a refund of the co-operative education fee, less a \$125.00 withdrawal fee.

² Transfers must be within the same academic year and are permitted as follows:

- From one credit offering to another credit offering, belonging to the same school;
- between non-credit courses of the same type;
- between courses defined as equivalent;
- between campuses or televised sites; and
- between delivery types.

Transfer requests outside of these guidelines are subject to dean's approval and are granted in exceptional circumstances only.

- 4.4.5 A student who is enrolled in two or more consecutive work terms and withdraws during the academic semester or work term prior to a work term will receive a refund of the co-operative education fee, less a \$125.00 withdrawal fee assessed on the earliest work term not yet started. Subsequent work terms will receive a full refund.
- 4.4.6 In extenuating circumstances the dean or associate dean, in consultation with the registrar or manager of registration services, has the authority to waive the \$125.00 withdrawal fee.
- 4.4.7 No refund for co-operative work term tuition after work term start date.
- 4.5 In exceptional circumstances the dean has authority to authorize tuition and fee refunds.

APPENDIX D
2017-18 INTERNATIONAL STUDENT TUITION

The International Education unit, in consultation with the Saskatchewan Polytechnic programs, shall determine tuition fees by program for international students. Tuition by program will generally be charged at a rate of three to four times regular tuition.

The tuition differential factor charged to an international student initially will remain constant during the international student's normal program completion time; however, regular tuition increases will apply.

Fees for international students in the SCBScN program will reflect the University of Regina's international tuition rates.

International students in Continuing Education/Extension programs and courses will be charged published domestic tuition rates.

Refugee 'claimants' will pay domestic tuition rates, but will be considered international for admission purposes. Refugees (with approved claims) will have Permanent Residency status and for all purposes will be considered domestic students.

APPENDIX E
2017-18 PRIOR LEARNING ASSESSMENT AND RECOGNITION FEES

Prior Learning Assessment and Recognition (PLAR) fees are guided by the PLAR Administrative Standards which states “The fee schedule will be based on the cost of services performed and not determined by the amount of credit awarded.”

Candidates will pay an assessment fee, in lieu of base tuition, for the course(s) challenged. The assessment fee will be directed to the program responsible for the assessment and is valid for the student’s enrolment period.

The fee for each course assessment will generally be \$270.00 or the course tuition fee, whichever is less; unless one of the following specific methods of assessment is performed:

- Challenge test (\$110.00)
- Practicum (\$180.00)
- Block course assessments..... Maximum \$560.00
- Program level certification..... Maximum of 50% of full program base tuition

Apprenticeship and seat purchase students are exempt from paying PLAR course assessment fees.

PLAR fees for international students will follow the above schedule of fees as these are based on the cost of service performed.

Fees are non-refundable and non-transferable.

APPENDIX F
2017-18 STUDENTS' ASSOCIATION FEES

Students who attend Saskatchewan Polytechnic will pay non-refundable students' association fees. The students' association fees are set annually by the Saskatchewan Polytechnic Students' Association General Council in accordance with the Saskatchewan Polytechnic Students' Association Bylaws. These fees are used to support advocacy, student programs, events and services that enhance the post-secondary experience.

1.0 Students enrolled in Post-Secondary Programs (*Includes continuing education/extension daytime programs and credit Skills Training*) will be assessed fees as follows:

- Programs 20 weeks or longer..... \$120.00
- Programs less than 20 weeks \$60.00
- Returning to complete one semester in the year \$60.00

2.0 Basic Education Programs

- On-campus fee per seat per year..... \$120.00

3.0 Apprenticeship Programs

- Levels 1, 2, 3, 4 & Upgrader..... \$30.00

4.0 Continuing Education/Extension Evening/Distance Learning/On-line Delivery Programs or Courses

- Per training day..... \$0.25

5.0 Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN)

The amount is set in collaboration with the University of Regina Students' Union (URSU). Students' Association fees for SCBScN are collected by the University of Regina and transferred to the Saskatchewan Polytechnic Students' Association through the URSU.

6.0 Health and Dental Plans

Students enrolled in full-time on-campus programs of 20 weeks or more in length will be assessed a \$255.00 (PST included) combined Health and Dental Plan fee per year (excluding SCBScN). You may opt out of this fee by providing proof of existing coverage within 30 days of your program start date.

7.0 Infrastructure Fee

The purpose of this fee is to ensure that the SPSA is able to expand and maintain its core functions spaces in a sustainable manner. The fee structure approved:

- Programs 20 weeks or longer..... \$40.00
- Programs less than 20 weeks \$20.00
- Apprenticeship \$10.00
