## **Girls GETT hands-on training at SIAST**

*Saskatoon students race to learn about trades and technology careers*

**July 12, 2007** – Earlier this week, 10 Grade 7 and 8 students from local schools started a week-long camp at SIAST Kelsey Campus. The Girls Exploring Trades and Technology (GETT) camp introduces girls to industrial and technical career choices. It also reinforces the importance of course choices such as science, math and industrial arts at the high school level. The camps are among several being held across SIAST campuses this summer.

This summer, SIAST Kelsey Campus is organizing three GETT camps. At the end of each GETT camp, students will have a barbecue and a fun competition in which they'll race go-karts they designed and built during the camp. Immediately following the race, participants are recognized for their achievements at a short awards ceremony.

Media are encouraged to attend the go-kart race for the first camp:

**Date:** Friday, July 13th  
**Time:** 12:30 p.m. sharp  
**Location:** SIAST Kelsey Campus  
Student parking lot, Davies Building  
Idylwyld and 31st Street  
Saskatoon SK
