President of Integrated Designs to address students and employers

Moose Jaw, January 22, 2009 – SIAS Palliser Campus is preparing to host approximately 450 students, staff and potential employers at the 29th annual SIAS Business and Industry event.

This fundraising event, which takes place February 2, provides students with networking opportunities to connect with potential employers.

“The SIAS Palliser Business and Industry Dinner is an opportunity for the community to support SIAS students, and for the corporate sector to meet SIAS students and begin the increasingly important employee recruitment process. SIAS graduates are in high demand. They are the employees who are going to help Saskatchewan organizations grow and prosper,” says Pam McLellan, director of Donor and Alumni Relations for SIAS. “At the Business and Industry Dinner, students and guests have the chance to do a little networking over the course of the evening, listen to great speakers, and at the same time raise funds to support scholarships for SIAS students. It’s definitely a win-win situation for everyone, and an event you don’t want to miss.”

Murray Guy, president of Integrated Designs, which is a project management firm that specializes in delivering practical, sustainable, cost-effective, high-performance building projects, is the event’s key-note speaker.

Casino Moose Jaw is the presenting event sponsor. “Casino Moose Jaw certainly recognizes the value that SIAS and its students bring to our community and our province,” says Bill Hutchinson, minister responsible for the Saskatchewan Gaming Corporation, which operates Casino Moose Jaw. “For us, a community investment in

SIAST is an investment in youth, education and a future skilled and employable workforce.”
