## **Girls GETT ready, GETT set, GETT going** *GETT Camp introduces Prince Albert girls to trades, tech careers*

**July 10, 2008** – Earlier this week, 10 Grade 7 and 8 students from local schools started a week-long camp at SIAST Woodland Campus. The Girls Exploring Trades and Technology (GETT) camp introduces girls to industrial and technical career choices. It also reinforces the importance of course choices such as science, math and industrial arts at the high school level. The camps are among several being held across SIAST campuses this summer.

At the end of each GETT camp, students will have a barbecue and a fun competition in which they'll race go-karts they designed and built during the camp. Immediately following the race, participants are recognized for their achievements at a short awards ceremony.

Media are encouraged to attend the go-kart race and awards ceremony on:

**Date: July 11, 2008**

**Time: 12:30 p.m.**

**Place: SIAST Woodland Campus**

**Carpentry compound on the north side of the technical centre**
