

December 3, 2012

Dear Colleagues,

I would like to let you know about a change in leadership within Simulation Learning.

Sheila Kiryk

Sheila Kiryk, Program Head, Simulation Learning, is transitioning to a faculty position within the Saskatchewan Collaborative Bachelor of Science in Nursing program at Kelsey Campus.

We extend our thanks to Sheila for her leadership and exemplary service in advancing simulation learning across Nursing and Science and Health Division programs. We extend special commendations to Sheila for her remarkable success in leading the establishment of a state-of-the-art interprofessional simulation learning centre at Kelsey campus.

Emily Harder

I am very pleased to congratulate Emily Harder on her appointment as Program Head, Simulation Learning, effective January 2, 2013.

Currently, Emily is providing leadership as a faculty member with the SIAS Practical Nursing program at SIAS Woodland Campus where she is facilitating student learning and success within an online environment. Emily is an experienced faculty member and has worked with the Nursing Education Program of Saskatchewan (NEPS), Saskatchewan Collaborative Bachelor of Science in Nursing (SCBScN) and the Perioperative Nursing programs. She has enthusiastically participated in simulation experiences with her clinical practice groups.

Prior to coming to SIAS, Emily provided leadership as the Resident Care Supervisor at Parkridge Centre and Saskatoon City Hospital.

Emily is experienced in interprofessional collaboration. She facilitated the advancement of faculty mentorship across the SIAS nursing and science and health divisions and developed an innovative e-learning course to support new faculty in their transition to a new role.

Emily has a Bachelor of Science in Nursing and a Masters of Continuing Education from the University of Saskatchewan. Emily can be reached at 659-4149 or emily.harder@siast.sk.ca

Please join me in thanking Sheila for her leadership and in welcoming Emily to her new position.

Sincerely,

Netha Dyck, RN, EdD
Dean of Nursing
