

## **Annual Safety Seminar A Big Success**

Kim Mann, program head, Occupational Health and Safety Practitioner program, chaired the 39<sup>th</sup> Annual Industrial Safety Seminar, Saskatchewan Safety Council in 2012 for the second year. The Industrial Safety Seminar is hosted by the Saskatchewan Safety Council on an annual basis. There were approximately 800 delegates, making this the largest Industrial Safety Seminar to date. Kim Mann was also a speaker at the conference, presenting on the Occupational Health and Safety Practitioner program. The OH&S Practitioner program was also one of the exhibitors at the show. Faculty and staff were on hand to answer questions and provide information about the program.
