Contents of this guide

This guide contains the following specific PLAR information and tools for this program

A. PLAR fees
B. PLAR eligibility and options
C. Dates when PLAR assessment is available
D. Special directions for this program
E. PLAR contact person
F. Self-rating course outlines
A. PLAR fees

Fees for PLAR challenges are set to cover our costs for consultation, assessment, and related administrative tasks. PLAR fees are non-refundable and non-transferrable.

The PLAR fees policy is subject to change for each new academic year. Please see the Cost section on the PLAR webpage for current fee information.

B. PLAR eligibility and options

To be eligible for PLAR for courses in this program, you must first apply for admission and be accepted into the program. You must also consult with the PLAR contact person and be approved for PLAR assessment.

Program PLAR is available for the following courses: ENGL 101, SOCI 171, BIO 102 and 103. For more information, including instructions on how to apply, please see the Arts & Sciences Candidate Guide.

C. Dates when PLAR assessment is available

PLAR assessment for this program is available from Sept 1 to June 15 in each academic year.

All PLAR assessments must be completed by June 15 of each academic year.

D. Special directions for this program

1. Review the PLAR process and FAQs and the information in this guide.

2. Self-rate your learning for each course using the Course Outlines in this guide.

3. Consult with the PLAR contact person for PLAR approval. Be prepared to provide your resume, course self-ratings (see section F), and a partially completed PLAR application. If you are approved for PLAR, the contact person will sign your PLAR application and explain next steps.

4. Apply for admission to the program. See directions for applying.

5. Register for PLAR at Registration/Enrolment Services once you have signed approval on your PLAR Application Form. The PLAR fee will be added to your student account.

6. Finalize an assessment plan with your assigned assessor.

7. Complete assessment before your PLAR registration expires.
E. PLAR contact person

Contact one of the Program Heads below to arrange a consultation after you have read this guide and general PLAR information and rated yourself for each course (see next section). Consultation may be by phone, online, or in person. Be prepared to provide your resume, course self-ratings, and a partially completed PLAR application. If agreement is reached to go ahead with PLAR, the contact person will sign approval on your PLAR application and explain the next steps. Admission to the program is required before you can register for PLAR.

F. Self-rating course outlines

Clicking on a course code below opens a page where you can rate yourself on the knowledge and skills assessed for PLAR credit. For Arts & Sciences courses, clicking on the course code opens another PLAR guide. The PLAR contact person for this program will refer you to another person to discuss PLAR for courses delivered by Arts & Sciences or another program/department.

*Please note: The courses eligible to be assessed through PLAR are offered through the Department of Arts and Sciences. Please consult the Arts & Sciences Candidate Guide for more information on these PLAR offerings.
**BIOL 102 - Anatomy and Physiology 1**

In the first of a two-course sequence, you will explore the human body focusing on the interaction between structure and function and the regulation of physiological functions involved in maintaining homeostasis. You will learn how the levels of organization of the body and the components of cells, tissues and organs impact form and function. You will examine the following body systems: integumentary, skeletal, muscular, nervous, and special senses.

**Credit unit(s):** 3.0  
**Prerequisites:** none  
**Corequisites:** none  
**Equivalent course(s):** none

Use a checkmark (√) to rate yourself as follows for each learning outcome

<table>
<thead>
<tr>
<th>Competent</th>
<th>Learning</th>
<th>None</th>
</tr>
</thead>
<tbody>
<tr>
<td>I can apply this outcome without direction or supervision.</td>
<td>I am still learning skills and knowledge to apply this outcome.</td>
<td>I have no knowledge or experience related to this outcome.</td>
</tr>
</tbody>
</table>

1. Examine the main concepts and terminology of anatomy and physiology.

2. Examine how basic concepts in chemistry and cell biology impact homeostasis.

3. Describe the structures and functions of the four major tissue types.

4. Describe the structures and functions of the integumentary system.

5. Examine bone tissue, the structures and functions of the skeletal system and articulations.

6. Describe skeletal muscle and the structures and functions of the skeletal muscle system.

7. Describe the structures and functions of nervous tissue.

8. Examine the structures and functions of the central nervous system.

9. Examine the structures and functions of the peripheral nervous system.

10. Describe the structures and functions of the general and special senses.
BIOL 103 - Anatomy and Physiology 2

In the second of a two-course sequence, you will continue to explore the human body focusing on the interaction between structure and function and the regulation of physiological functions involved in maintaining homeostasis. You will examine how the levels of organization of the body and the components of cells, tissues and organs impact the form and function for the following body systems: endocrine, blood, cardiovascular, lymphatic, respiratory, digestive, urinary, fluid, electrolyte, and acid-base balance and reproductive.

Credit unit(s): 3.0
Prerequisites: BIOL 102
Corequisites: none
Equivalent course(s): none

Use a checkmark (✓) to rate yourself as follows for each learning outcome

| Competent | I can apply this outcome without direction or supervision. |
| Learning  | I am still learning skills and knowledge to apply this outcome. |
| None      | I have no knowledge or experience related to this outcome. |

1. Describe the structures and functions of the endocrine system.
2. Examine the structures and functions of blood.
3. Examine the structures and functions of blood.
4. Examine the structures and functions of the lymphatic system and immunity.
5. Examine the structures and functions of the respiratory system.
6. Describe the structures and functions of the digestive system.
7. Examine the structures and functions of the urinary system, and how they impact fluid, electrolyte, and acid-base balance.
8. Describe the structures and functions of the reproductive system.
SOCI 171 - Culture and Diversity in Canadian Society

You will explore culture and diversity in Canada and the challenges they present. You will discuss the impacts of oppression, multiculturalism, immigration, social inequalities, and social justice at both personal and professional levels. You will discuss the historical and contemporary challenges of Indigenous peoples. You will also examine tools to foster social change and diversity competencies.

Credit unit(s): 3.0
Prerequisites: none
Corequisites: none
Equivalent course(s): none

Use a checkmark (√) to rate yourself as follows for each learning outcome

| Competent | I can apply this outcome without direction or supervision. |
| Learning | I am still learning skills and knowledge to apply this outcome. |
| None | I have no knowledge or experience related to this outcome. |

1. Examine the concepts of diversity and identity in the context of Canadian society.
2. Examine the concepts of oppression, inequality, and race.
3. Examine the roles of multiculturalism, religion, and gender in Canadian society.
4. Discuss the historical and contemporary challenges of Indigenous peoples.
5. Examine immigration to Canada.
6. Examine ways of practicing diversity competency on personal and professional levels.
ENGL 101 - Critical Reading and Writing

You will develop basic skills in critical analysis and effective reading by analyzing and evaluating materials from various disciplines. You will also refine your understanding and practice of the structures of composition by writing a research paper on a topic of your choice using APA-style.

Credit unit(s): 3.0
Prerequisites: none
Corequisites: none
Equivalent course(s): none

Use a checkmark (√) to rate yourself as follows for each learning outcome

| Competent: | I can apply this outcome without direction or supervision. |
| Learning:  | I am still learning skills and knowledge to apply this outcome. |
| None:      | I have no knowledge or experience related to this outcome. |
