

**CONSENT TO COLLECT AND RELEASE INFORMATION - Revision 2.0 (December 19, 2017)**

WHEREAS Saskatchewan Polytechnic is a member of the Saskatchewan Mining Safety Training Consortium (hereinafter "SMASTC"), which was established by the Saskatchewan Mining Association and Saskatchewan Polytechnic to implement a system whereby Saskatchewan Mining Association member companies can validate a current or potential employee's safety training credentials and qualifications via an electronic database;

AND WHEREAS the undersigned learner (hereinafter the "Learner") has or is being trained by Saskatchewan Polytechnic, or one of Saskatchewan Polytechnic's Approved Training Providers, in a safety course that can be validated by the database established by the SMASTC.

**NOW THEREFORE the Learner agrees as follows:**

1. The Learner hereby gives express consent to Saskatchewan Polytechnic to collect and use the Learner's personal information and safety training history and enter the same into the safety training validation database established by the SMASTC.
2. The Learner hereby gives express consent to all members of the SMASTC to access and use the Learner's personal information and safety training history for the purposes of validating the Learner's safety training credentials and qualifications. Specifically, the following information will be publically accessible;
  - Full Name,
  - Mining Certification Number,
  - Certification Course Name,
  - Certification Completion Date,
  - Certification Completed (i.e., yes or no), and
  - Certification Expiration Date.

If you have any questions or concerns regarding the SMASTC database, please email:
