

Business Diploma Specialty: Insurance

The insurance specialty prepares students for in-demand careers in the insurance industry, which plays a vital role in risk management and loss protection. The program covers key areas such as liability insurance, property insurance, loss adjusting, underwriting, and commercial law. Developed with input from industry experts, it provides specialized training for roles like insurance broker, claims adjuster, underwriter, and appraiser.

With a growing demand for insurance professionals, graduates have strong job prospects across Saskatchewan. Career opportunities include working for large firms, government agencies, or as independent brokers. This program equips students with essential skills to thrive in a dynamic and essential industry.

Business Diploma Specialty: Insurance

Courses

See the [Business diploma – Year 1](#) document for a summary of the year 1 courses.

Accreditation

Graduates will receive approximately half of the credits required to complete their Chartered Insurance Professional (CIP) designation from the Insurance Institute of Canada. The CIP designation is an influential accreditation within the Canadian property and casualty insurance industry.

“I recommend this program to anyone. I had a job months before I graduated, and it was nice to have that job security at the end of the program.”

– Spenser Jenner, Saskatchewan Polytechnic Alumnus and Senior Underwriter, Farm Development, SGI Canada
