HONORARY DEGREE IN APPLIED STUDIES

Recipient: Steve McLellan

Steve McLellan served as the CEO of the Saskatchewan Chamber of Commerce for 14 years before retiring earlier this year. He has held several senior positions in the Saskatchewan business community, including 18 years with Tourism Regina and Tourism Saskatchewan.

In 1979, McLellan graduated from the Hotel Administration diploma program at the Saskatchewan Polytechnic Saskatoon campus. He also holds two industry certifications from the Saskatchewan Tourism Education Council. McLellan began working in the hospitality industry while still attending Sask Polytech, and for 11 years was in the restaurant business as an owner and manager.

He has served on dozens of local, provincial and national boards of directors and was elected as chair on many of them. McLellan is a recipient of the Saskatchewan Centennial Medal and the Queen's Jubilee Medal. He was named by Sask Business magazine as one of Saskatchewan's 2011 "Men of Influence."

McLellan has been an advocate, ambassador and partner to Sask Polytech. He also contributes time and energy to several charities and non-profits. As a lifelong resident of Saskatchewan, he understands and firmly believes in the potential that exists in the people and businesses within this province.

ORGANIZATIONAL PROFILE

Saskatchewan Polytechnic serves students through applied learning opportunities on Treaty 4 and Treaty 6 Territories and the homeland of the Métis. Learning takes place at campuses in Moose Jaw, Prince Albert, Regina and Saskatoon and through extensive distance education opportunities. Programs serve every economic and public service sector. As a polytechnic, the organization provides the depth of learning appropriate to employer and student need, including certificate, diploma and degree programs, and apprenticeship training. Saskatchewan Polytechnic engages in applied research, drawing on faculty expertise to support innovation by employers, and providing students the opportunity to develop critical thinking skills.

Vision

To lead the rise of polytechnic education.

Our vision defines where we want the strategic plan to take us. As we look forward to this new decade, applied education has never been more critical to our collective success, at home and around the world. Our leadership position comes from a drive to define the reputation of polytechnic education in Canada and establish its role in building a better future.

Values

Respect

We support every learning journey, whether for our students, colleagues or industry partners. And so we show our care for one another and our workplace. We foster an open and inclusive environment that embraces diverse cultures, heritages and opinions. We honour, learn from, work with and support each other as one team.

Integrity

We are leaders in the global polytechnic community, and as such we are honest and fair in all we do. We are committed to being accountable and transparent. We are truthful with one another. We hold ourselves to high standards of ethical behaviour and take responsibility for our actions.

Sustainability

We aim to empower a better future by leading the rise of polytechnic education. Therefore, we work, live and learn in a socially and environmentally responsible manner. We support the health, safety and overall well-being of our learners, employees and partners. We are conscientious stewards of our resources and continuously look for entrepreneurial and creative ways to strengthen and improve our institution.

Excellence

We aim to inspire success in every learning journey, which in turn inspires each of us to go above and beyond expectations to achieve the highest levels of quality — in our teaching, our programming, our learning and our services. We are able to do this by maintaining high standards, strong competencies, committed partnerships and by being responsive and accessible.

ACADEMIC DRESS

Along with the academic tradition of black gowns, Saskatchewan Polytechnic grads wear v-stoles in the colour selected for each school. Other members of the platform procession wear the gown and v-stole, hood, or in some instances, a hat or mortarboard representing a credential they have received or the Saskatchewan Polytechnic v-stole that represents the school in which they teach.
