

TOMORROW IN THE MAKING

2019 CONVOCATION PRINCE ALBERT CAMPUS

Congratulations
YOUR TOMORROW
HAS ARRIVED.

President's Message

It is an honour to welcome you to today's Convocation Ceremonies.

Throughout our 60-plus-year history, Saskatchewan Polytechnic has been, and continues to be, student-focused. We are committed to providing our graduates with the skills necessary to contribute positively to our province and to our country. Our emphasis on work-integrated learning, along with expertise in applied research, and our strong business and industry partnerships, open the door for you, our grads, to make meaningful contributions throughout your careers.

Our graduates are employed in every public and private sector of the economy. It's one reason I like to say that Saskatchewan runs on Sask Polytech.

I wish you every success in the future, and I hope you will maintain your connections with us, including your faculty, friends and our Alumni Office. I encourage you to register as an alumnus, and make your relationship with us lifelong.

Thank you for choosing Saskatchewan Polytechnic. Your education will serve you well throughout your career. My sincere congratulations on your life-changing accomplishment!

Dr. Larry S. Rosia
President and CEO

Provost's Message

Welcome to today's Convocation Ceremonies, and congratulations!

I want you to know how proud my colleagues and I are that you have reached this important milestone in your life. We commend you for the hours of hard work, patience and perseverance you have invested to make this day possible.

I am confident the skills and experience you gained during your time at Saskatchewan Polytechnic will serve you well. The hands-on nature of the programs will enable you to approach challenges with a critical eye and be solution-focused. These are skills employers value greatly.

While your education may be complete at this time, it is my hope that you embrace lifelong learning and continue to have strong ties with Saskatchewan Polytechnic far into the future.

I wish you much success as you begin this new stage of your life.

Dr. Dennis Johnson

Provost and Vice President, Academic

Board of Directors' Message

On behalf of the Saskatchewan Polytechnic Board of Directors, we extend to you our warmest congratulations, and are honoured to celebrate your achievement of this very important personal milestone.

As your tomorrow becomes today, may you remember that learning is a lifelong journey. In the words of L. Frank Baum, "No thief, however skillful, can rob one of knowledge, and that is why knowledge is the best and safest treasure to acquire."

Though your course work may now be successfully concluded, we hope Sask Polytech will continue to be a relevant part of your journey for many years to come. We see our relationship not at a close, but just beginning. Your future successes will be meaningful to us, and we look forward to welcoming you again — as students, alumni, instructors, employers, mentors, parents, supporters and friends.

Again, my heartfelt congratulations and best wishes on this important day. We celebrate your achievement with you.

Mitchell J. Holash, QC

Chair, Saskatchewan Polytechnic Board of Directors

Alumni Message

Congratulations graduates and welcome! Our alumni are the leaders, the dreamers, the builders and the doers. Today you move from being a Saskatchewan Polytechnic student to a member of this growing alumni family.

Convocation is a true celebration of your achievement. As a member of our family we are proud of you and all that you have accomplished.

We are so glad you've found a home at Sask Polytech and like all good homes, our door is always open. We want to keep in touch, hear where your path is taking you and we want to continue to celebrate your successes.

Congratulations on your convocation and welcome to the alumni family. We're proud of you.

Kris Brown

Associate Vice President, Advancement

Honorary Diploma Recipient

Ralph Boychuk

As a former 39-year commercial banker, Ralph Boychuk has provided advice and strategy to thousands of people and businesses to support them in accomplishing what matters most, in ways that bring prosperity and success. By tailoring lending solutions that impacted sources and uses of cash to minimize stress on the workplace and balance sheet, Ralph helped companies and their owners generate stronger results and created more satisfying work experiences. His clients called on him to help them identify financial solutions to expand and grow their companies.

Second only to his successful banking career, Ralph is committed to improving the lives of others, and has devoted immeasurable time and significant effort volunteering in support of local, regional and provincial causes.

Ralph is the former Chair of the Board of the Saskatchewan Chamber of Commerce, and more recently, completed 10 years of service as the Chair of the Board of Directors, of Saskatchewan Polytechnic. As an expert in Board Governance, he is frequently sought out for advice on issues of fiduciary responsibilities, strategic and business planning, and meeting management.

Ralph holds a Pro.Dir designation in Public Policy Governance, and is a recipient of an Award of Merit from the City of Prince Albert.

Organizational Profile

Saskatchewan Polytechnic serves students through applied learning opportunities at campuses in Moose Jaw, Prince Albert, Regina and Saskatoon, and through extensive distance education opportunities. Programs serve every economic and public service sector. As a polytechnic, the organization provides the depth of learning appropriate to employer and student need, including certificate, diploma and degree programs, and apprenticeship training. Saskatchewan Polytechnic engages in applied research, drawing on faculty expertise to support innovation by employers, and providing students the opportunity to develop critical thinking skills.

Vision

By 2020, our expertise in responsive applied education and research that meet student and market needs will make us globally recognized as the first-choice polytechnic in Canada.

Values

Respect

We care about one another and about our workplace. We foster an open and inclusive environment that embraces diverse cultures, heritages and opinions; we learn, work and support each other as one team.

Integrity

We are committed to being accountable and transparent. We are honest with one another. We hold ourselves to high standards of ethical behaviour and take responsibility for our actions.

Sustainability

We work, live and learn in a socially and environmentally responsible manner. We support the health, safety and overall well-being of our students, employees and partners. We are conscientious stewards of our resources and continuously look for entrepreneurial and creative ways to strengthen and improve our organization. These considerations underlie all our actions, behaviours and decisions.

Excellence

We go above and beyond what is normally expected to achieve excellence in our teaching, in our programming, in our learning, and in our services. We accomplish this by maintaining high standards, strong competencies, committed partnerships and by being responsive and accessible.

Academic Dress

Along with the academic tradition of black gowns, Saskatchewan Polytechnic grads wear v-stoles in the colour selected for each school. Other members of the platform procession wear the gown and v-stole, hood, or in some instances, a hat or mortarboard representing a credential they have received or the Saskatchewan Polytechnic v-stole that represents the school in which they teach.

2018–19 Awards

Applied Research Award for Excellence

Working with industry and the community in applied research and innovation, Saskatchewan Polytechnic owes its successes to the individual and collective efforts of its faculty and researchers. By partnering in innovation and testing, Sask Polytech enables companies to capture new opportunities, solve everyday problems and contribute to economic growth and job creation in Saskatchewan. This award program recognizes excellence in applied research and innovation.

Faculty Award for Excellence: Teaching

As a recognized leader in the development and delivery of skills and technical training, Saskatchewan Polytechnic owes its success to the individual and collective efforts of its faculty and staff. Our faculty award program recognizes excellence in service and innovation as a significant component to making our institution a key contributor to Saskatchewan's economic and social development. The Faculty Awards for Excellence: Teaching are intended to recognize, acknowledge, and reward Sask Polytech faculty for outstanding teaching. Up to five awards for recognition of excellence in teaching are presented each year.

Governor General's Academic Medals

The Governor General's Academic Medal was first awarded in 1873 by the Earl of Dufferin, and has since become one of the most prestigious awards that a student in a Canadian educational institution can receive. The Governor General of Canada continues this tradition of encouraging scholarship across the nation and recognizing outstanding students. The medals are awarded only for academic excellence as follows:

- Bronze at the secondary school level
- Collegiate Bronze at the post-secondary diploma level

Honorary Diploma

Since the first Honorary Diploma was awarded in 2004, Sask Polytech has been recognizing extraordinary individuals who are making a difference in communities throughout Saskatchewan and beyond. Honorary Diplomas are presented to individuals who have made a significant contribution to education, business and industry, or government, and who are supportive of Sask Polytech's vision, values, and overall role in the local and provincial communities.

Student Outstanding Citizenship Award

A Student Outstanding Citizenship Award may be presented each year to one Saskatchewan Polytechnic student at each campus. This award recognizes a student who has inspired and encouraged others to make positive changes. Nominated by Sask Polytech faculty, the student's outstanding work demonstrates benefits to the campus community and others.

Student Innovation Award

A Student Innovation Award is presented each year to a Saskatchewan Polytechnic student or team. This award recognizes a student, or team of students, who has/have achieved a high standard of excellence on an innovative project, or demonstrated innovative methods within their program of study.

Sask Polytech has...

student recruitment officers who travel approximately 35,000 km each year to visit 120+ schools and attend 12 major career fairs throughout Saskatchewan.

16 campuses in four cities across the province.

17,706 students.

the largest Indigenous student population at a post-secondary institute in the province with 3,578 students.

714 international students.

150+ programs.

through work integrated learning, 2,734 students worked in the community as part of their training.

48 projects involving 45 students have received \$1,000 each in scholarship funding since September 2018.

4500+ graduates each year.

92% grad employment rate.

94% graduates employed in Saskatchewan.

Source: 2017-2018 Annual Report

Sask Polytech students have been busy this past year:

14 business students were selected to move on to the semi-final round of the Great Canadian Sales competition.

501 students visited with therapy dogs on campus to help them de-stress.

5,945 students visited our Indigenous Student Centres each month.

Mechanical and CAD/CAM Engineering students 3D printed an Eco Car and came in second in the world at the Shell Eco Marathon Drivers' World Championship Grand Finale in London, England.

Auto Body Technician and Automotive Painter students applied 350 pounds of body fill to vehicles to fix scuffs and scratches prior to painting.

Electronic Systems Engineering Technology students hosted more than 200 high schools students at the 11th Annual Robot Rumble.

Dental Assisting & Hygiene students helped 933 clients through Dental Day and the dental clinic on campus.

Four Sask Polytech students are headed to the WorldSkills Team Canada selection event in May with the hopes of representing the maple leaf at the 2019 competition in Kazan, Russia.
